NEW FORCING ROSE, IVORY. See page 3 for description and price.

THIS LIST HOLDS GOOD DURING THE MONTHS OF JANUARY, FEBRUARY AND MARCH.

THE GOOD & REESE COMPANY,
PROPRIETORS.

The Largest Rose Growers in the World.

When in Need of Roses Send to Headquarters.

VISITORS ARE ALWAYS WELCOME.

We make the growing of Roses a specialty, and carry an immense stock of them, having **THREE MILLION ROSE PLANTS ON HAND NOW**, every plant of which has been grown within the year. You are invited to inspect this stock. Our aim is to give value for value. We wish to merit the full confidence of every customer we have. It is this method of dealing that has built our trade up in the few years we have been in business, until today we handle more Roses and Plants than any two firms in the United States. We have 65 large greenhouses filled to overflowing with choice Roses, Plants and Bulbs of all kinds. We invite correspondence on large orders.

CONDITIONS OF SALE OF PLANTS.—The plants named are offered at the rates quoted, provided that not less than five of each variety are taken. No order will be filled from Plant List for a less amount than two dollars. All goods are sent by express unless otherwise ordered.

SHIPPING FACILITIES.—Having the rival express companies—Adams, American, National, United States and Wells Fargo & Co.—these companies charge one through tariff rate over their own lines and over all other express company lines, thus insuring you the lowest possible one through rate without the usual custom of charging two or more local rates where goods are handled by two or more express companies.

NEW LOW EXPRESS RATE.—We call your attention to the new low express rate, which is a reduction of 20 per cent. from the regular merchandise rate at which plants have been expressed heretofore, and also that packages of less than 100 pounds are billed at 100-pound rates. The express charges do not have to be prepaid to secure this reduction.

PLANTS PREPAID BY EXPRESS.

TO PATRONS.—In California and other far-off points we make a specialty of packing plants so as to make the expressage light, the expressage when prepaid being eight cents per pound. So, if you wish to avoid expressage, when the rate is high, add one-fifth additional to your remittance, and we will prepay same through to destination. Safe arrival always guaranteed.

PLANTS BY FREIGHT.—Perishable plants sent by freight are at the risk of the purchaser.

PLANTS BY MAIL.—Where there is no express office we will mail plants, when the purchaser remits one-fifth additional their order.

REMITTANCE should be made either in the form of Money Order, Bank Draft, Express Order or Registered Letter. Remittances in any other way are entirely at the sender's risk. Personal checks not accepted.

UNKNOWN CORRESPONDENTS.—Orders from unknown correspondents must be accompanied by the cash, or satisfactory reference. If ordered sent C. O. D., one-fourth the value of the stock called for must be remitted with the order. We make no deviation from this rule, as at the very low rate offered we cannot afford to run any risk. This rule will be strictly adhered to.

JOHN M. GOOD, in charge of Sales Department.

FRANK E. GOOD, in charge of Growing Department.

HARRY F. GOOD, in charge of Shipping Department.

The management of our company is under the personal supervision of the Good Brothers as above, each one of whom has been in the growing and shipping of Roses and Plants their entire lives. You make no mistake by intrusting to us your order. Address,

ROSES OUR SPECIALTY

THE BEST OF STANDARD SORTS.

Our Stock is especially grown for Florists' and Nurserymen's use, and the young plants bought of us will be found clean, vigorous and healthy, with good roots, ready for immediate growth.

Admiral Schley. **Red Burbank.**—This is a new bedding Rose of great excellence, sent out by Mr. John Cook, of Baltimore, who has originated a number of our finest Roses. It is best described as a Red Burbank. A very free bloomer; it has come to stay, and will become a standard variety. **75 cents per dozen; \$5.00 per hundred.**

Admiral Dewey. In color this is most beautiful of pink Roses, a delicate, daybreak blush, clear and distinct and very captivating, nothing weak or washy in color. It is a sport from Madame Caroline Testout, is more vigorous in habit and a very free bloomer. Like Testout, the flowers are very perfect in form, a little lacking in fullness when fully expanded, forces finely and is very fragrant; a fine cold weather Rose of enormous size. **60 cents per dozen; \$4.00 per hundred.**

Antoine Rivoire. A handsome new Rose, of vigorous habit of growth, with large, full, Camellia-shaped flowers. Color rosy flesh, on a yellow ground, shaded with a border of carmine; flowers five inches in diameter. A remarkable variety of great worth. **60 cents per dozen; \$4.00 per hundred.**

Augustine Halem. One of the prettiest and sweetest of all red Roses. It is a beauty. **50 cents per dozen; \$3.00 per hundred.**

Aurora. The flower resembles in shape a high-built Chrysanthemum. The color is light pink. A very pleasing shade. This is a grand variety. **50 cents per dozen; \$3.00 per hundred.**

Agrippina. Brilliant, fiery red. Good better; an old-time favorite. **50 cents per dozen; \$3.00 per hundred.**

Aline Sisley. This is a splendid, free-flowering, strong-growing, dark-colored Tea, and beyond a doubt one of the most satisfactory varieties for open-ground culture, where it grows to perfection. The flowers are very large, full and double. The color is a rich, rare shade of violet red, brightened with crimson maroon. The fragrance is exceedingly sweet, and more pronounced than is found in most Teas. It blooms with wonderful freedom. A grand red variety, and one we think a great deal of. **50 cents per dozen; \$3.00 per hundred.**

Andre Schwartz. "Ever-Blooming Jack." Since known as the "true Tea Jacqueminot" because of its striking resemblance to that famous variety. The flowers are beautifully made, being large, full and of excellent substance. The color is brilliant, glowing scarlet, passing to rich crimson, very bright and strikingly beautiful. It is a strong, sturdy grower and a constant and profuse bloomer. It cannot be surpassed in open ground. **50 cents per dozen; \$3.00 per hundred.**

Anna Olliver. A strong, vigorous grower, succeeding in almost any situation; indeed, we believe this to be one of the best varieties—old or new—for general cultivation. The flowers are extra large, with a full, double form and splendid substance; color lovely creamy blush (buff) shaded with deep carmine, beautifully tinged and edged with silvery rose; very fragrant. A grand variety, and the most popular pink Rose ever introduced, and the best seller. **50 cents per dozen; \$3.00 per hundred.**

Beauty of Stapleford. Color a clear, bright pink, shading to a bright, rosy crimson. It makes large and beautiful buds and is a constant and profuse bloomer. **50 cents per dozen; \$3.00 per hundred.**

ENCHANTRESS. See description on page 6.

Beaute Inconstante. A Most Wonderful Rose. This new ever-blooming Rose from France is very remarkable in many respects, but the most notable is its ability to change its color. We have seen bunches of this wonderful variety bearing at the same time coppery yellow, deep rose, bluish pink, mottled yellow and apricot, light and dark crimson Roses. These beautiful colors will sometimes be mottled in a single flower. A plant of this beautiful Rose when in full bloom presents a sight that is at once novel and pleasing. The buds and flowers are large, delightfully fragrant, and, as may be imagined, are exquisitely beautiful. It is a Tea Rose, and is, therefore, a constant bloomer. Its fragrance is delicious, and its being a vigorous grower makes it valuable for garden culture. This Rose produces a sensation wherever seen, and will, without doubt, head the list as a charming novelty for years to come. 60 cents per dozen; \$4.00 per hundred.

Bardou Job. The Saucer Rose. This is not, strictly speaking, a new Rose, but its merits have only been discovered in the past year. It is scarce, and will be for some time to come. It is of a semi-climbing habit, being quite vigorous and strong. The foliage is large and leathery, the flowers are very large, and resemble a saucer in shape, semi-double. The color is the deepest, richest velvety crimson of all Roses. We know of nothing in the Rose family so rich in color. A well-trown bunch of these Roses will startle you. 50 cents per dozen; \$3.50 per hundred.

Bougere. A Grand Garden Rose. Anyone who has seen this grand old sort growing in open ground will agree that it deserves the brightest words of praise we can give it, having been introduced in 1832. Since then it has been tried and found to be of rare value for general planting. The flowers are unusually large, deep, full and double. They are supported on long, stiff stems, and are produced in bountiful abundance throughout the growing season. In color they are bronze-rose or violet crimson, delicately shaded with lilac. Exceedingly sweet. Remarkably hardy. 50 cents per dozen; \$3.00 per hundred.

Countess Eva Starhemberg. The bud is long in form, opening into a fine double flower of great beauty and heavy texture. Color creamy yellow, shading to ochre at the center, borders of the petals touched with rose. 50 cents per dozen; \$3.00 per hundred.

Burbank. A Perfectly Hardy, New, Ever-Blooming Rose. This lovely Rose was raised by Mr. Luther Burbank, of California, known the world over as the "Wizard of Horticulture." The color is described as cherry crimson—it is, in other words, the very deepest and brightest pink Rose in cultivation. It is peculiarly adapted for both outdoor planting or for blooming in pots in the house during the Winter. It is a strong, vigorous grower, making well rounded bushy plants. The Burbank Rose is perfectly hardy, and will stand our most severe weather. The Burbank is, without doubt, the freest-flowering Rose in cultivation. It commences to bloom when only a few inches high, and blooms throughout the season until stopped by freezing weather. The flowers are double, three inches across. The whole flower is most pleasing in its rich beauty, and is delightfully fragrant. 50 cents per dozen; \$3.00 per hundred.

Christine de Noe. Double Papa Gontier. The buds are long and finely pointed, the color a clear, rich maroon or deep purplish red, passing to lake, center sometimes streaked silvery white. Petals finely imbricated and the flowers deliciously sweet. More valuable than Papa Gontier, as fine a color, forces as well, has a larger bud, and is perfectly double. 50 cents per dozen; \$3.00 per hundred.

Champion of the World. It is quite hardy, and possesses that delicious, old-fashioned rose fragrance so much sought after in an ever-blooming variety. For a pot Rose it has no equal. 50 cents per dozen; \$3.00 per hundred.

Comtesse de Frigneuse. The color is a deep golden yellow, with a soft shade inside of petal. As a yellow Rose this takes rank next to Marechal Neil. 50 cents per dozen; \$3.00 per hundred.

Clothilde Soupert. Its color is a pearl white, with a vivid carmine rose center, which fades after a little, leaving the Rose almost white. It is a constant bloomer, quite fragrant, and cannot fail to be a splendid market plant for growing in pots for Spring sales. In addition to its suitability for market purposes, it will be very useful to the cut-flower worker, forming, as it does, nice sprays of open flowers and half open buds. 50 cents per dozen; \$3.00 per hundred.

Coronet. The sweetest, largest and freest-blooming Hybrid Tea Rose in cultivation. No description or illustration can do justice to the remarkable beauty and splendor of the flowers. They are grand in every way, it blooms steadily, bearing in unbroken continuity, on good, stiff stems, magnificent large flowers that frequently measure from four to six inches in diameter. The form is full, deep and wonderfully double. It is full to the center, and when entirely open the flowers do not look unlike Paeonies. This resemblance is made all the more striking by the peculiar color, which is absolutely unlike any Rose we know. In the bud the color is a deep, rich carmine, which, as the flowers open, lightens to a soft, clear pink, with each petal distinctly edged with silvery gray. The effect is beautiful. The fragrance is simply delicious. The flower and foliage resembles Paul Neyron, while in vigor of growth the Bon Silene blood is shown. It is a strong, healthy grower, forming a compact bush. In the open ground, where it is hardy, it does splendidly, commencing to bloom early in the season and continuing until severe freezing weather. Slight protection during winter will be beneficial. Probably the most valuable and satisfactory Rose for general cultivation sent out for many years, and people who plant it will make no mistake. 75 cents per dozen.

Catherine Mermet. A beautiful, clear flesh color, with the same silvery luster seen in La France. Large, full, well formed, very beautiful in bud. Still one of the finest and best forcing Roses. 50 cents per dozen; \$3.00 per hundred.

Cornelia Cook. The flowers are of the clearest, snow-fest white, and arranged in the most faultless and symmetrical manner. 50 cents per dozen; \$3.00 per hundred.

Clara Watson. A free-blooming Tea Rose of English origin with many distinct features. The flowers are very graceful, resembling Bridesmaid in form, and are produced in remarkable profusion. For freedom of bloom this variety is especially valuable. The buds are very beautiful, and are supported on long stems, making it desirable for cutting. The color is salmon pink, very difficult to describe. Will take a place among the best Roses. 50 cents per dozen; \$3.50 per hundred.

Caroline Marniesse. A Grand Bedding Rose. A hardy Rose introduced in 1849 that is always in bloom. As a bedding Rose this variety has no equal. It is literally a continuous bloomer. When other Roses show only scattering blossoms, or none at all, the rows of Caroline Marniesse are a perfect mass of flowers. The blossoms are bluish white, small but full, and borne in very pretty clusters. The bush is low-growing, about eighteen to twenty-four inches, and especially adapted for a border. It is entirely hardy, having withstood unprotected a temperature of twenty-five degrees below zero without the least injury. 50 cents per dozen; \$3.00 per hundred.

Comtesse Riza du Parc. Coppery rose, tinged and shaded with soft blush. This beautiful Rose has many admirers. 50 cents per dozen; \$3.00 per hundred.

Coquette de Lyon. A handsome light yellow Rose. It is so free in blooming as to be called the Yellow Hermosa. 50 cents per dozen; \$3.00 per hundred.

Duchess of Albany. A deep, sweet pink in color; not shaded, but what is called a solid color. Ladies prefer it on account of its beautiful color to any other Rose for personal adornment, as it shows up against either light or dark dress goods to a charming advantage. 50 cents per dozen; \$3.00 per hundred.

Duchess of Edinburgh. A splendid Rose, producing very large buds of the most intense deep crimson. It flowers freely, and is very vigorous. 50 cents per dozen; \$3.00 per hundred.

Devoniensis. Magnolia Rose. A beautiful creamy white, with rose center; large, very full, and delightfully sweet magnolia fragrance. 50 cents per dozen; \$3.00 per hundred.

Dr. Grill. This is being forced, and with good results. The color is a coppery yellow of the finest type and very beautiful. 50 cents per dozen; \$3.00 per hundred.

Dr. Cazeneuve. A new Rose of very great merit. It is the darkest colored flower of all the ever-blooming Roses, being a rich dark velvety crimson. Good grower and free bloomer. A grand sort. Try it. 60c per dozen; \$4.00 per hundred.

Duchesse de Brabant. Or Comtesse de Labarthe. This Rose combines exquisite perfume, beautiful coloring, and matchless profusion of flowers and foliage. How shall we describe its coloring? A soft, light rose, with a heavy shading of amber salmon. 50 cents per dozen; \$3.00 per hundred.

Douglas. Dark cherry red. Rich and velvety, very fine. An old time favorite with many. 50 cents per dozen; \$3.00 per hundred.

Enchantress. This variety belongs among the leaders. It blooms with astonishing freedom, bearing its large, globular, double flowers in immense clusters. It is as free blooming as any Rose in our collection. The color is creamy white, slightly tinted with buff in the center. Of vigorous growth, fine foliage and highly valuable, both in pots for late Autumn and Winter blooming as well as for general planting in open ground during Summer. See cut on page 5. 50 cents per dozen; \$3.50 per hundred.

Etoile de Lyon. This is considered one of the finest yellow bedding Roses for outside planting. It is, moreover, one of the hardiest in the Tea section. It blooms freely, and every flower is a gem. It equals Marechal Niel in size, on strong bushes. 50 cents per dozen; \$3.00 per hundred.

Enfant de Lyon. The Sweet Anise Rose. This is a strong growing Rose, producing light pink flowers, with shades of coppery yellow, having a distinct Sweet Anise fragrance that is exquisite. We know of no Rose more sweet. The peculiar Sweet Anise fragrance is confined to this Rose alone. It is much admired. 50 cents per dozen; \$3.00 per hundred.

Empress Eugénie. This is a Rose that is fairly worshipped in some localities. Deep rich pink in color. It is hardy, and a great bloomer and grower. 50 cents per dozen; \$3.00 per hundred.

GRUSS AN TEPLITZ.

Elise Heymann. Light yellow, shaded with nankeen yellow, center rosy peach; very free flowering. An excellent bedding sort. 50 cents per dozen; \$3.00 per hundred.

Francis Dubreuil. This is a grand, new, red Rose. The color is a deep, vivid crimson, with rich, velvety shadings. Fine for open ground planting. 50 cents per dozen; \$3.00 per hundred.

Gruss An Teplitz. As a bedding Rose this is one of the finest and most useful varieties ever sent out. Many of our customers who bought it the past Spring are realizing its value and singing its praises. It will take rank with Hermosa or Souper. The color is brightest scarlet, shading to deep, rich, velvety crimson. It is very fragrant. The freest grower and most profuse bloomer of any ever-bloomer. The mass of color produced is wonderful, and the foliage is extremely beautiful, all the younger growth being a bronzy plum color. A queen among scarlet bedders. It is a perfect sheet of richest crimson scarlet all Summer. It will undoubtedly supersede Agrippina, Queen's Scarlet and others of this class. 50 cents per dozen; \$3.50 per hundred.

General Tartas. Deep rose mottled lighter, often tinged with buff. This is an old rose and much prized in the South. 50 cents per dozen; \$3.00 per hundred.

Golden Gate. The Great Forcing Rose. This variety, while not new, has recently attracted considerable attention, and is considered by many one of the most valuable Winter-flowering Roses now grown. It does best in a temperature that grows fine Bridesmaids. Under favorable conditions its shapely blooms are often as large as American Beauty, and are borne on strong, heavy canes, stiff as reeds. When well grown it is of exquisite color—shell pink, shading to creamy flesh on outer petals. This Rose has been grown quite largely in the vicinity of Washington, where it has been received with great favor. It is a favorite with both grower and retailer, and commands the highest prices of any Tea Rose. **50 cents per dozen; \$3.00 per hundred.**

General Robert E. Lee. This is the first Rose that we have introduced, and we are sure it will please all who try it. It is in color an orange yellow, after the style of Ma Capucine, only richer and better. It is a good grower, has elegant, long buds borne on long stems, and will produce more buds than any Rose we know of. It colors up much deeper and richer in cloudy weather, which will make it a useful Rose for Winter forcing. The color is so peculiar and rich that it attracts attention wherever seen. Try it. **50 cents per dozen; \$3.00 per hundred.**

Helen Gould

Or Baldwin. Claimed by the introducers of Helen Gould to be a different Rose from Baldwin. While the identity of this Rose is in dispute, it has proved so satisfactory with us that we have planted it largely. This is probably the most beautiful and satisfactory Rose for general planting ever introduced in America. It has proved itself to be the strongest-growing, freest-blooming, largest-flowering and hardest Rose in existence. It is a better Rose for general planting than American Beauty—the dream and hope of every Rose grower for years past. The flowers are full and perfectly double, the buds beautifully made, long and pointed. The color is a warm, rosy crimson, like the color of a ripe red watermelon. It is as hardy as La France, and one of the best, if not the very best, Roses for Winter blooming. We have one hundred thousand fine plants now ready. **50 cents per dozen; \$3.00 per hundred.**

Hermosa. An old favorite. It is always in bloom and always beautiful. The flowers are cupped, finely formed and full. Color the most pleasing shade of pink, soft, but deep. The best market Rose grown. **50 cents per dozen; \$3.00 per hundred.**

Helen Cambier. This lovely coppery yellow Hybrid Tea Ever-blooming Rose will fill a long-felt want, from the fact that everybody has been looking and longing for a good yellow Rose that combines vigorous hardiness with rich color and free-blooming qualities. This Helen Cambier does. It is a new Rose of French origin, destined, we believe, to find a prominent place among the highest grade of ever-blooming Roses, both for Summer and Winter blooming. The growth is free and vigorous, very free blooming, flowers of splendid substance and a delightful shade of deep, rich, coppery yellow. In extreme heat comes a deep amber color. The buds are full and firm, lasting a long time when cut. As the flowers expand the center of the Rose discloses depths of golden yellow, with light orange tints, while the older petals lessen to lemon yellow, giving a combination of tints and tones unequaled in their beauty. Without question this is a charming Rose for the garden. **50 cents per dozen; \$3.00 per hundred.**

Homer. Soft clear rose with salmon shadings. An excellent garden rose. **50 cents per dozen; \$2.00 per hundred.**

Henri M. Stanley. The color is a rare shade of amber rose, delicately tinged with apricot yellow towards the center. Reverse of petals clear buff rose. The flowers are of good substance, extra large, finely formed, and very full and fragrant. **50 cents per dozen; \$3.00 per hundred.**

Isabella Sprunt. A canary yellow, very free bloomer, buds. Fragrant, strong-growing, and requires but little attention. **50 cents per dozen; \$3.00 per hundred.**

J. B. Varonne. Color a soft China rose, changing to bright, deep carmine of even shading. An extra good Rose, and very sweet. **60 cents per dozen; \$3.50 per hundred.**

Jules Finger. Bright, rosy scarlet with intense crimson long buds. Very fine. **50 cents per dozen; \$3.00 per hundred.**

Kaiserin Augusta Victoria. This is one of the grandest of all Roses. It is a strong, vigorous grower, producing buds and flowers of enormous size. Color pure white. We have no hesitancy in saying that this Rose is unequaled by any other variety of its color. **50 cents per dozen; \$3.00 per hundred.**

THE GREAT FORCING ROSE, HELEN GOULD.

Leonie Oster-
ieith. White Sou-
pert. We have given this Rose an extended trial, and believe there is no better white Rose grown. The buds are of good size, the flower full and double, and deliciously fragrant. Pure porcelain white, with deep center. In freedom of bloom this charming variety rivals the Polyanthas. **50 cents per dozen; \$3.00 per hundred.**

Luciole. Another good Rose, producing very long, pointed buds of a coppery color, suffused with pink and crimson. This Rose we recommend for its many good qualities. **60 cents per dozen; \$3.50 per hundred.**

Letty Coles. This is one of the very sweetest and prettiest Roses in our entire collection. The flower is of the largest size and very fragrant. The color is deep rose, touched with crimson. **60 cents per dozen; \$3.50 per hundred.**

La France. No variety can surpass it in delicate coloring—silvery rose shades, with pink. It has a satin

sheen over all its petals. It is universally regarded as the most useful of Roses, for it is hardly beyond question. It blooms continuously. **50 cents per dozen; \$3.00 per hundred.**

La Princess Vera. A Splendid Outdoor Rose. During the past season we had in our trial grounds several hundred varieties of Roses. For strong, clean growth, freedom and constancy of bloom and beauty of flower and color, this variety was one of the few selected as the best. Without doubt this is a grand Rose for general planting, particularly for bedding in the open ground. The flowers are large, finely made and open beautifully. When fully open there appears to be a flower within a flower, so perfectly is the form. The color is rich ivory white shaded and veined with fine coppery yellow, and delicately pencilled with pale blush. A truly grand and beautiful Rose, and one that by virtue of its great excellence ranks among the best in cultivation. It is certainly a La Princess in fact as well as in name. **50 cents per dozen; \$3.00 per hundred.**

Louis Richard. Coppery Rose, beautifully tinted lilac. Makes a handsome bush in every way. A most desirable Rose. **50 cents per dozen. \$3.00 per hundred.**

LADY DOROTHEA.

Lady Dorothea.

The Greatly Improved Sunset. One of the most

beautiful of Roses. Color hard to describe, but perfection in tint. It is a sport from *Perle des Jardins* and is a lovely mingling of pink and tawny buff. A warm, bright color, but lacking the coppery red found in *Sunset*. A very distinct and valuable variety. The finest of the *Perle* family. Foliage as handsome as the flower. A fine forcing variety. 60 cents per dozen; \$3.50 per hundred.

Lady Clanmorris. Perfectly distinct, a splendid Rose of very robust growth and free branching habit, flowers continuously and freely throughout the season. Blooms very large and of good form; petals large, smooth and of great substance. Creamy white with delicate salmon center, edge of petals margined pink. 60 cents per dozen; \$3.50 per hundred.

Lady Mary Corry. Growth vigorous and of erect, branching habit, blooms of good size, freely produced and perfectly formed. Color deep golden yellow, distinct and fine. 60 cents per dozen; \$3.50 per hundred.

Liberty. This Rose marks the limit of glorious deep, yet bright coloration in a family by no means deficient in warm, rich hues of crimson red. Most nearly approached by *Meteor* in color, this newcomer surpasses that standard variety in purity, being without the tendency to blacken that *Meteor* exhibits and also the blue cast sometimes seen on the fully expanded petals of *Meteor* has not been detected in any degree whatever upon a single one of many critically examined blossoms of *Liberty*. This novelty does not exact a temperature in excess of that generally accorded to other Roses when grown under glass. *Liberty* is destined to become the one dark flowered Rose for both commercial and private use. Will be distributed in March. 60 cents per dozen; \$3.50 per hundred.

Louis Phillipe. Beautiful dark crimson maroon, large and fragrant, a constant and profuse bloomer. Extra good for outdoor culture. 50 cents per dozen; \$3.00 per dozen.

MADAME CAROLINE TESTOUT.

La Sylphide. Blush with fawn center, very large and double. This Rose is a prime favorite in the South. 50 cents per dozen; \$3.00 per hundred.

Madame Caroline Testout.

Probably no Rose stands

higher in public estimation today than *La France*, and when we say this elegant new Rose is a close counterpart of *La France*, we have said enough to insure its being planted by vast numbers of people. We don't know that it is any better than *La France*, but it is decidedly deeper and more brilliant in color and a larger flower, and is as good in other ways. It is a wonderful Rose. The petals are large, and of elegant *La France* form; exquisitely edged and bordered with clear silver rose. Both flowers and buds are extra large and of very elegant form; color is brilliant satiny rose, deepening in center to clear red. It is of excellent substance, keeps its color well, and its splendid, large, globular flowers impress everyone with a sense of its superiority and great beauty. We sold twenty-five thousand of this Rose the past season. 50 cents per dozen; \$4.00 per hundred.

Madame de Vetry. One of the brightest Roses. We consider this splendid variety to be one of the very best and most satisfactory Roses for general planting, especially outdoors. The people in the South fairly rave over its great beauty. In New Orleans it is a prime favorite. It makes big, clean buds of great beauty and opens well, showing the large, full, double flowers to great advantage. The color is a rich red, changing to silvery peach—reminds one of the delicate hues seen on the inside of the fairest deep sea shells—rosy flesh bathed in golden amber, broad, shell-like petals, bright and beautiful. In every way a fine Rose. 50 cents per dozen; \$3.00 per hundred.

Madame Hoste. It possesses all the requisites of a first-class Rose, viz., strong, vigorous growth, large, well formed buds, freely produced. We believe this Rose to be one that will continue to assert its claims until it is as generally grown as *Perle* or *Niphetos*. 50 cents per dozen; \$3.00 per hundred.

Maman Cochet.

No Finer
Rose than
this. This
Rose attract-

ed our attention from the very first time we saw it in flower. It comes from France—the country that has produced nearly all of our best Roses. We are not alone in our admiration of it, as all the visitors to our establishment the past season have been unstinted in its praise. It is a vigorous grower, with beautiful, pretty foliage. In bud it resembles the Mermet family, being long and shapely, borne on long, stiff stems. It is of the largest size, and, you will notice, the flower is built up or rounded and very double. The color is a deep, rosy pink, the inner side of the petals being a silver rose, shaded and touched with golden yellow. We pronounce this the finest Rose by far that has been introduced from France in the past five years. No Rose surpasses it in vigorous growth and in the immense size of its buds and flowers. Indeed, nothing in the Tea family approaches it in size. Deliciously fragrant. 50 cents per dozen; \$3.00 per hundred.

Madame Abel Chatenay.

Fore-
ing
Rose.

The celebrated Rose which the Washington, D. C., society people have used almost exclusively during the past season in their social events. This is a wonderfully strong, healthy growing variety, with rich, bright foliage. A grand bedding Rose, as it is a profuse and continuous bloomer. Flowers large and full, petals recurved and of a beautiful creamy rose, shaded with rose vermilion and tinged with salmon. The base of the petals is very highly colored, being a combination of the foregoing shades strongly accentuated. This will undoubtedly make a fine garden Rose because of its substance and hardness. The flowers are borne on long stems so that it is exceedingly well adapted for vases or cut flowers. 50 cents per dozen; \$3.00 per hundred.

Madame Elie Lambert.

The color is somewhat in the way of Madame de Watteville, but deeper. Rich creamy white, faintly tinted with pale golden yellow, and exquisitely bordered and shaded with soft, rosy flesh, exceedingly beautiful and very sweet, petals large and of good substance, constant and profuse bloomer. A magnificent Rose in every way. 50 cents per dozen; \$3.00 per hundred.

Madame Welche.

An extra fine variety, very large, double, and of beautiful rounded form, a soft pale yellow, sometimes cream, with short inner petals of glowing orange and copper. Not to be forgotten if once seen. 50 cents per dozen; \$3.00 per hundred.

Madame de Watteville.

Color a beautiful creamy yellow, tinged with rosy blush, large shell-like petals, having bright crimson-shaded border. 50 cents per dozen; \$3.00 per hundred.

Madame Honore Defresne.

A valuable and exceedingly beautiful variety; flowers a clear, golden yellow, very large, full and sweet; buds long and pointed, opens well. First-class in every way. Probably the richest yellow Rose ever grown. 50 cents per dozen; \$3.00 per hundred.

Madame Joseph Schwartz.

A most useful variety for pot culture, and in every way desirable for market purposes. Good bedder, color white, beautifully flushed with pink. 50 cents per dozen; \$3.00 per hundred.

Madame Pernet Ducher.

Or Yellow La Franco. A good, well-formed bud, quite long and of distinct shape and form. Color a light canary yellow. The first distinct yellow Hybrid Tea. Of strong, good, robust growth. 50 cents per dozen; \$3.00 per hundred.

Mad Schwallier.

The color is a bright, rosy flesh, paler at the base of the petals and deepening on the edges. Apt to come in clusters, which are excellent for cutting. 50 cents per dozen; \$3.00 per hundred.

Madame Scipion Cochet.

Color a soft primrose yellow, with rose shadings. Deliciously sweet scented and very unique in the size and shape of its buds. 50 cents per dozen; \$3.00 per hundred.

Mad. Lambard.

Color a beautiful shade of rosy bronze, changing to salmon and fawn, shaded with carmine, buds and reverse of petals a deep, rosy crimson. 50 cents per dozen; \$3.00 per hundred.

Madame Isaac Pereire.

One of the most lovely of all pink Roses; strong grower with bright pink flowers. Much admired in the South. 50 cents per dozen; \$3.00 per hundred.

MAMAN COCHET.

Madame E. Duranthin. This is one of the most unique colored Roses in existence. It combines the delicate shades of Princess Beatrice with the more ruddy coloring of Madame Margottin. This is indeed a beauty. 60 cents per dozen; \$4.00 per hundred.

Madame Camille. Delicately rosy flesh, flushed with salmon shades. A fine Rose for the amateur to cultivate, as it is a strong grower, with flowers of the largest size and not liable to disease. 50 cents per dozen; \$3.00 per hundred.

Madame Margottin. An Old Favorite. A famous Rose of the most distinct and beautiful type. Flowers very large, full and double, borne profusely. Color dark citron yellow, bright red center. A strong grower and a remarkably fine Rose in every way. 50 cents per dozen; \$3.00 per hundred.

Madame Caroline Kuster. A strong, vigorous grower with light lemon-colored flowers; bud is long and beautiful. 50 cents per dozen; \$3.00 per hundred.

Mademoiselle Francisca Kruger. It is closely allied to Catherine Mermet, and resembles it in everything save color. In its shading of deep coppery yellow it stands unique and distinct from all others. The flower when open is of good size and very symmetrical. 50 cents per dozen; \$3.00 per hundred.

Mademoiselle Cecile Berthod. Most beautiful, both in bud and flower, which is deep golden yellow. In fact, the deepest yellow in color of any Rose we grow. The foliage is very bright. This is a Rose of magnificent size and color. We grow of this variety alone over fifty thousand, which is evidence of how we prize it. Altogether a grand Rose, and always in bloom. 50 cents per dozen; \$3.00 per hundred.

Marie Guillot. Splendid for cut-flower purposes in the Summer season. Grown largely for this purpose. 50 cents per dozen; \$3.00 per hundred.

Marie Van Houtte. Pale yellow, edges of the petals often lined with rose, well formed, fragrant and of good habit. Very free blooming, and in every respect a charming sort. 50 cents per dozen; \$3.00 per hundred.

Marie Louise. While this is not a new variety it is the first time catalogued under this name. It is the old Aurora, but in New Orleans and throughout the South it goes under the name of Marie Louise, and as we have a new Tea Rose of that name, we will henceforth catalogue it as Marie Louise. It is probably the best pink or flesh colored Rose, being a strong branching grower. Flowers of large size and extremely profuse in its blooming. 50 cents per dozen; \$3.00 per hundred.

Mrs. Robert Garret. A beautiful, large Rose of exquisite shape, finish and blending of colors. The flowers are very large and on strong stems, clothed with clean, heavy foliage and strong spines. The buds are long and pointed in shape, and open up beautifully into a full, rounded flower. In shape of bud and half-open flower it very much resembles Souvenir du President Carnot, being very much larger, color a glowing shell pink, very deep in the center; the fragrance is delicate and pleasing. 50 cents per dozen; \$3.00 per hundred.

Maid of Honor. The Brighter Bridesmaid.

Advertised as Miss Clara Barton. This grand sport from Bridesmaid originated with the Hoffmeisters, of Ohio. They say of it: "After rigid tests, during the last two years, we are able to state—1st. That its color is a rich, glowing pink, darker than Bridesmaid. 2nd. That it is an excellent keeper, and sells over the counter better than Bridesmaid. 3rd. That it is a most prolific bloomer, with all perfect buds. 50 cents per dozen; \$3.00 per hundred.

Meteor. A velvety red ever-bloomer of the deepest glowing crimson, as fine as a hybrid. Flowers very double, and petals slightly recurving. A beautiful open Rose, a free bloomer and promising well as a pot rose. 50 cents per dozen; \$3.00 per hundred.

Mrs. Mawley. This grand variety embodies so many good qualities that it is difficult to describe it. We could say no more in its praise than to say it is like Maman Cochet, only several shades lighter in color. 60 cents per dozen; \$3.50 per hundred.

Marion Dingee. Deep, brilliant crimson. One of the darkest, if not the very darkest, richest colored Tea Roses in existence. 50 cents per dozen; \$3.00 per hundred.

Marechal Robert. One of our best Roses. Pure white, tinged and shaded with rosy blush and lemon. 50 cents per dozen; \$3.00 per hundred.

Monsieur Furtado. Deep sulphur yellow, described by Mr. Ellwanger as the best yellow pot Rose. It should be grown more largely, as it is excellent. Try it. 50 cents per dozen; \$3.00 per hundred.

Medea. Flowers a bright lemon, with canary yellow centers. Very full buds, with high centers, foliage dark and thick in color like Perle. 50 cents per dozen; \$3.00 per hundred.

Muriel Graham. The latest addition to the Mermet family, being a sport from that fine variety, identical with it in everything except color, which is creamy white, suffused with delicate pink. A color intermediate between Mermet and Bride, and as dainty as possible to imagine. A nice addition to our forcing varieties. 50 cents per dozen; \$3.00 per hundred.

Marquise de Vivien. Here we have a beauty indeed. The flowers have a great depth and substance, and are of fine globular form, with broad, thick petals and large, finely shaped buds. The color is a bright carmine at the edge of the petals, soon graduating into light rose, and becoming lost in the pale yellow of the center. A bright and showy Rose of the Tulip section, very highly colored and blooming without cessation. It would be difficult to imagine a more lovely Rose. 50 cents per dozen; \$3.00 per hundred.

Meta. This is a grand, high colored variety. It has all the different shades of color, with a few additions, that Luciole has. Coppery-yellow, suffused with pink and crimson. 60 cents per dozen; \$4.00 per hundred.

SYLPH. See description on page 11.

Mosella. Yellow Souperet. Mosella is a stronger grower, flowers are a little larger than Clothilde Souperet, but appear the same way in clusters and on single stems. The color is a chrome yellow in the center, getting creamy white on the edges of the petals. It will make a great bedder and perfectly hardy. 50 cents per dozen; \$3.00 per hundred.

Monthly Cabbage. A Grand Hardy Rose. We doubt if there is one person in a thousand that was raised in the rural districts or in the small towns back in the fifties or sixties that does not remember the old Cabbage Rose of our mothers' and grandmothers' gardens. They could hardly keep house without one or more of this favorite Rose planted in their yards. The old-fashioned Cabbage Rose bloomed once a year, in June. The Monthly Cabbage Rose is a continuous bloomer all through the Summer. The color is bright pink, lovely both in bud and open flower, both being large and double to the center. The fragrance is a true damask scent, and is simply delicious. A grand Rose. 50 cents per dozen; \$3.00 per hundred.

Niphotos. Immense Long Buds. This still holds the lead as being the most elegant white Rose. The buds are three inches long. It is positively startling in size and purity, and is always scarce. 60 cents per dozen; \$4.00 per hundred.

Papa Gontier. The blooms are large and long, with thick, broad petals of dark carmine crimson. The inner petals are a bright rosy carmine, and light up well at night. 50 cents per dozen; \$3.00 per hundred.

Pierre Guillot. A bright, dazzling crimson, passing to brilliant carmine. Flowers large, very double and full, and highly scented. 50 cents per dozen; \$3.00 per hundred.

Perle Des Jardins. Canary or golden yellow, flowers large and beautifully formed. Handsome in every stage of development, from the smallest to the open bud. 50 cents per dozen; \$3.00 per hundred.

Pink Souperet. A very fine Polyantha in the way of Clothilde Souperet, except color, which is a bright, clear pink. 50 cents per dozen; \$3.00 per hundred.

Princess Sagan. A strong-growing Rose, with small, closely set dark foliage, and medium sized flowers of the brightest scarlet and velvety texture. 50 cents per dozen; \$3.00 per hundred.

Queen Olga of Greece. (New.) Soft rose-pink color, center shaded with yellow; edges of petals slightly paler; large, not very full, but of good shape. Very bright. A good bedding rose. 50 cents per dozen; \$3.50 per hundred.

Queen's Scarlet. This is, without doubt, the very best of all red Roses for bedding. It can be planted anywhere, being entirely hardy. The flowers are of large size and of a fiery scarlet, a color seldom seen in Roses. Indeed, a bed of this Rose produces a mass of red equal to a bed of Geraniums. It is planted everywhere on account of its color and freedom of bloom. None better. Try it. 50 cents per dozen; \$3.00 per hundred.

Rosomane Graveraux. (New.) This variety is of the general style of Pres. Carnot, with an enormous long bud producing a very large double open flower carried on a long stiff stem. The petals are very large. Color silvery white with reverse of rosy flesh. Very fragrant and very free. 60 cents per dozen; \$4.00 per hundred.

Rainbow. A beautiful pink Rose, streaked with crimson. One of the leading cut-flower Roses in San Francisco. 50 cents per dozen; \$3.00 per hundred.

Sylph. Much Admired. Introduced by William Paul & Son, Waltham Cross, England. Flowers ivory white, tinted with peach color—very beautiful blending of colors; large, high-centered, with stiff petals; habit erect, a magnificent exhibition Rose; the growth is vigorous and the flowers are produced in great abundance, rendering it one of the most desirable varieties for garden decoration and for cutting purposes. Moderately hardy. See cut on page 10. 60 cents per dozen; \$4.00 per hundred.

Snowflake. Marie Lambert. This is a lovely white Rose, a pure Tea, but a foreign seedling, the freest flowering white Rose we have seen. It will be especially useful in set designs. For a pot plant it cannot be excelled, as it possesses every quality of a pot Rose. We counted on one plant one hundred and forty-three buds and flowers in a single day, and the plant was only nine months old. It can be used in the place of white Carnations for gar pieces at an immense saving, because it can be bloomed profitably at one dollar per hundred buds. Not only will it cover twice and three times the space in a funeral design, for instance, that a Carnation covers, but it will give greatly superior results. Try it. 50 cents per dozen; \$3.00 per hundred.

Sombreuil. beautiful white, tinged with a delicate rose. A very strong-growing border Rose, an old-time favorite. 50 cents per dozen; \$3.00 per hundred.

Souvenir De Madame Eugene Couvin. We think highly of this Rose. It is a fine grower and free bloomer. Flowers when open are flat. It combines shades of white and yellow in pleasing harmony, with center of flower deeper yellow. Very desirable. 60 cents per dozen; \$4.00 per hundred.

Souvenir De Madame Eugene Verdier. This is one of the grandest Roses in this book. It is very strong, a free grower, throwing up strong, erect canes. Every shoot is crowned with a large, full, deep, double flower of exquisite shape and color, creamy white, shading to yellow. Beyond question this is a superb Rose, and one that will draw forth exclamations of admiration from all who see it. 50 cents per dozen; \$3.00 per hundred.

Souvenir du President Carnot.

With all our admiration for the hosts of beautiful Roses, this variety is so fascinating that we believe it to be, everything considered, one of the greatest introductions of the last ten years. It is superb in every way. The flowers are large, full and double, exquisitely shaped with heavy, thick, shell-like petals. The buds are wonderfully beautiful—long and pointed like Niphotos—perfection in every line. The color is a new, delicate rosy blush, shaded a trifle deeper at center of flower. Fragrant, delicious, strong grower and free bloomer; has no weak point; will become one of the most popular of all Roses. 50 cents per dozen; \$3.00 per hundred.

Souvenir of Wootton. Color velvety red, equal to Jacqueminot. It is a double Rose, and is good in bud, half open, or fully expanded. Full, open flowers, frequently six inches in diameter. A most excellent Rose. 50 cents per dozen; \$3.00 per hundred.

Souvenir D'Un Ami. A fine, delicate Rose, shaded salmon. One of the best pink Roses, and a good variety to force. 50 cents per dozen; \$3.00 per hundred.

SOUVENIR DU PRESIDENT CARNOT.

Sanguinea. (Or Otahelie Rose.) This old-fashioned Rose has been practically ignored in the past twenty years, except in certain localities where its worth and beauty have been known. It belongs to the *Centifolia Muscosa* section of Roses and is the one Rose that is eminently adapted to house culture, as it thrives under almost any conditions and surroundings. It is the only Rose in our whole list that will grow luxuriantly and bloom freely under adverse conditions. The foliage is small and of a reddish cast, when growing rapidly. The flowers are semi-double, of the most intense velvety crimson, very bright and brilliant and freely produced. Besides its adaptation to house culture, it is grand for bedding out for a mass of bloom. It is employed in the East around Long Branch, Newport and the suburbs of all the large cities by the hundreds of thousands for this purpose. Be sure and try this Rose, either indoors or out. You cannot help but succeed with it. We guarantee our stock true. 50 cents per dozen; \$3.00 per hundred.

Safrano. A bright apricot yellow, changing to orange fawn. Very much esteemed. 50 cents per dozen; \$3.00 per hundred.

Sunset. The color is a rich, golden amber, elegantly tinged and shaded with dark, ruddy copper, intensely beautiful, and resembling in color a splendid "after-glow." 50 cents per dozen; \$3.00 per hundred.

Striped Malmaison. (Bertha Clavel.) A striped sport from old Souvenir de

Malmaison. Color a creamy white, with rose center, reverse of the petals striped violet and light rose. 50 cents per dozen; \$3.00 per hundred.

Souvenir De la Malmaison. Always in demand. Everyone's favorite, and never enough to go around. Fine for private grounds, cemeteries and parks. 50 cents per dozen; \$3.00 per hundred.

Striped La France. (M. A. Veysset.) A magnificent new Rose, identical in every respect with its parent La France except in two particulars—it is much stronger in growth, and the flowers are beautifully striped and shaded a delicate white. The coloring is exquisite, and we think this Rose will please cut-flower buyers. It forces freely, and produces magnificent large buds and flowers. 50 cents per dozen; \$3.00 per hundred.

THE BRIDE.

The Bride.

A lovely pure white, very fragrant Rose, admirably adapted for forcing. The buds have more substance than Niphetos, are very full and double, and possess the good characteristics of Catherine Mermet. 50 cents per dozen; \$3.00 per hundred.

The Queen.

It is pure snow white, makes good, finely-formed buds, is quite full, showing the center but slightly when fully open. The petals are thick and of good substance, opens well, is very sweet and has proven valuable, both for forcing and open ground planting. 50 cents per dozen; \$3.00 per hundred.

Triomphe de Pernet Pere.

The flowers are extra large, having broad, thick petals, and long, tapering buds, with delicious Tea fragrance. Color a fine, clear magenta red, sometimes passing to a bright crimson. Striking and beautiful. 50 cents per dozen; \$3.00 per hundred.

Triumph de Luxembourg.

This is an old-time favorite that has many admirers. The color is rosy carmine on buff ground; very desirable. 50 cents per dozen; \$3.00 per hundred.

Viscountess Folkestone.

The flower is delicately tinted flesh, almost white, and lustrous as satin. When in full bloom it is like a fine white Peony, but without a suggestion of stiffness. 50 cents per dozen; \$3.00 per hundred.

Viridiflora.

(The Green Rose.) Moderately large; quite double; pure deep green. Valuable as a curiosity. 60 cents per dozen.

WHITE MALMAISON.

White Malmaison.

(Crown Princess Victoria.) New. The color is a pure, waxy, snow white, sometimes has a lemon tint, and to those who desire a fine double flower when fully expanded, this will meet your wants, as it is very beautiful when fully blown. Resembles that grand old Rose "Malmaison" in shape and fullness. 50 cents per dozen; \$3.00 per hundred.

White Bon Silence.

(A Companion to Bon Silence.) This elegant variety is valued for its buds, which is identical with Bon Silence, except in color, which is pure white. It is a sport from Bon Silence, and has the same vigorous habit of growth. It is exceedingly fine for open ground planting. 50 cents per dozen; \$3.00 per hundred.

Winter Gem.

This is a Tea Rose of remarkably strong and vigorous growth, and a prodigious bloomer all the year. It flowers all the time, particularly during the Winter, hence its name. The blossoms are of large size and a lovely crimson purple color. Buds perfectly exquisite and the open flower full and double. It is the strongest, hardiest, most vigorous and rapid growing Tea Rose in cultivation. One plant of it will produce more good Roses throughout the year than any other Tea Rose grown. The plant will bloom continually and nothing but killing it outright will check it. A great Rose for amateurs, and one that will bloom in any window at all times of the year. 60 cents per dozen; \$4.00 per hundred.

White Perle des Jardins.

We think that every lover of white Tea Roses will be delighted with White Perle. It will be found totally distinct from Bride or any other white Rose. A great Rose. 50 cents per dozen; \$3.00 per hundred.

White Bougere.

For open ground planting it has no superior. Flowers unusually large, deep, full, double, long, stiff stems, and borne throughout the season in great abundance. Color pure ivory white. Very beautiful. 50 cents per dozen; \$3.00 per hundred.

White La France.

(Augustine Guinon.) If you were to ask us to select six of the very finest Roses for you, we should be sure to include this one in the six. It is identical with La France, except in color. It is purely white, sometimes tinted with fawn. Don't fail to get this new Rose. 50 cents per dozen; \$3.00 per hundred.

WHITE MAMAN COCHET.

White Maman Cochet.

The Charming New White Tea Rose. Another new American Rose. It belongs to the Tea class, being a child of that grandest of bedding or outdoor Roses, Maman Cochet, and is hardy here in northern Ohio, with slight protection in Winter. Its habit is exceedingly strong and upright, like its parent, and it possesses the same large, beautiful, healthy foliage, and is a most profuse and constant bloomer. The flowers are of enormous size, remarkably round and full, pure, clear, snowy white throughout, and are delightfully Tea scented. It is by far the finest and most reliable white bedding

CLIMBING EVER-BLOOMING ROSES

INCLUDING THE RAMBLERS

Alister Stella Gray. Golden Rambler. This is a new climbing rose of decided merit, and is classed by many as belonging to the Rambler section of Roses. We know it to be a grand Rose, but have not tested its hardiness. You will make no mistake in buying it, as you will have a grand free-blooming climbing yellow Rose. It is a continuous bloomer, laden with bunches of Polyantha-like buds of orange yellow. **50 cents per dozen; \$3.00 per hundred.**

America. Large, beautiful buds, flowers rich creamy yellow or fawn color. **50 cents per dozen; \$3.00 per hundred.**

Belle Lyonnaise. A lovely Rose, fawn, with shades of rose and yellow. **50 cents per dozen; \$3.00 per hundred.**

Climbing Malmaison. This is identical with the old Malmaison, except that it is a vigorous climber. Indeed, it is the most rampant of all the ever-blooming climbers. This is already a fixture in our list of climbing Roses, from its decided merits. **50 cents per dozen; \$3.00 per hundred.**

CLIMBING KAISERIN.

(Mrs. Robt. Peary.) This is, without doubt, the grandest of all white climbing Roses. It is the first and only pure white, hardy, ever-blooming climbing Rose, and as such meets a demand that has never been supplied. Small plants bloom continuously the first season, just as the parent, Kaiserin Augusta Victoria, does. It is as hardy as any Hybrid Perpetual or Moss Rose, and will withstand, unprotected, the most severe Winters. It is a strong, rapid grower, without a weak spot, growing to perfection in open ground, and throwing up numerous shoots ten to fifteen feet high in a single season. The flowers are something grand. They are the equal of the finest and most beautiful cut-flower Roses. Of splendid substance. They are extra large, full, deep and double, and are produced on long, stiff stems, like a forcing or cut-flower Rose. The buds are long and pointed, exquisitely modeled and gracefully finished. Both in bud and flower it is truly beautiful. It has a fragrance that is delicious, just like Cherry blossoms. If you want a quick-growing, absolutely hardy, climbing, sure-to-bloom Rose, one that will give you flowers this season, this is the only white variety that will do. Be sure to get this wonderful variety. Its magnificent flowers, freedom of bloom and healthy growth will astonish you. This is the greatest of all climbing Roses. **50 cents per dozen; \$3.00 per hundred.**

Climbing Soupert. This is a climbing form of that grand variety Clothilde Soupert. The flowers and foliage are identical with that variety, differing in that the growth is a rampant climber, as free in bloom as its parent. This makes grand plants to grow in the field, and prune or train into bush form for Spring flowering, being much superior to the parent variety. **75 cents per dozen; \$5.00 per hundred.**

Climbing Wootton. New Hardy, Ever-Blooming Crimson Rose. To our mind this is one of the best Roses in this book, for these reasons: It is hardy, has no weak spots; grows with wonderful vigor, blooms continually throughout the growing season, producing flowers that are nothing less than superb, both in beauty and fragrance. These we think are the points that make a good Rose, and in this variety we have one. It is a sport from that famous Rose, Souv. de Wootton, and is identical with it except that it is a strong, rampant climber, growing in one season to a height of 10 to 15 feet, and producing in wonderful profusion its superbly formed flowers, which are bright magenta red, passing to violet crimson, richly shaded. The flowers are large, full and regular, with thick, leathery petals, and deliciously scented. Makes beautiful buds. As an outdoor climbing Rose it will take front rank because of its hardiness, strong growth and freedom of bloom. A well developed bush covered with finely formed flowers is beautiful beyond anything we have ever seen. Truly this is a magnificent and valuable new Rose. **60 cents per dozen; \$4.00 per hundred.**

CLIMBING KAISERIN.

Climbing Bridesmaid. A Rose Among Roses. If there is one Rose more beautiful than another, that Rose is Bridesmaid. It is the standard pink cut-flower Rose of America. It has many rivals, but as yet it holds its own as one of the grandest Roses in commerce. It represents the highest degree of beauty yet attained in Roses of its class. It is distinct in form, distinct in growth, and equally distinct in color. When we first offered this new variety as a sport from Bridesmaid, its popularity was assured. We proceeded to grow as many as we could, but the demand kept the supply down. Not until this year have we been able to get it in such quantity as would allow us to bring it into prominent notice and offer it at a popular price. We want our customers to try this Rose, more especially those whose Winters are not too severe. It is quite hardy, but where the Winters are very cold and long, it should be carefully protected in open ground. It grows rapidly and strongly, and blooms as freely as does its parent, Bridesmaid, which is practically all the time. The flowers are simply beautiful (identical with Bridesmaid), clear dark pink; in bud they are superb beyond anything we have ever seen. This is one of the most valuable additions to the Climbing Tea Roses made in recent years. **50 cents per dozen; \$3.00 per hundred.**

Climbing Marie Guillot.

A Glorious New Rose. If you have never seen Marie Guillot growing at its best in the open ground, you cannot conceive of the beauty of its large, bold, handsome white flowers. It has been termed the "Queen of White Roses," and while there are many white varieties of unquestionable excellence, there are none more reliable for outdoor cultivation than Marie Guillot. Climbing Marie Guillot possesses all the valuable features of its famous parent, from which it differs only in habit of growth. It is one of the most rapid growing and vigorous Climbing Roses we have ever seen, small plants making a growth of ten to twenty feet in five months. It is an exceedingly healthy Rose, possessing every attribute that a perfect Rose should have. It blooms continuously throughout the season, the first and every year. The flowers are magnificently made, extra large, deep and double. The buds are particularly beautiful and the fragrance delightful. The color is pure snow white, sometimes faintly tinged toward the center with pale yellow. It will prove moderately hardy with protection, but it will be seen at its best in the South, Southwest and Pacific Coast States (where the winters are mild). It will bloom the whole year round in the South, and wherever Marechal Niel is grown this variety will undoubtedly equal it in beauty of flowers and surpass it in vigor of growth. It is one of the really grand Roses. **60 per dozen; \$4.00 per hundred.**

Climbing Paul Neyron.

Madame Wagram. A grand new Rose. Paul Neyron has always been known as the largest Rose extant. In

Climbing Paul Neyron we have this large size, coupled with its bright, fresh pink color that no Rose excels. And it is also a true perpetual bloomer. The freest of all climbers. This Rose is a wonder. Be sure and try it. **60 cents per dozen; \$4.00 per hundred.**

Cloth of Gold, or Chromatella. A clear golden yellow, large, very full and double, highly fragrant. Highly prized in the South for pillars and verandas. We have the true variety. Solfaterre is sometimes sold for Cloth of Gold. **50 cents per dozen; \$3.00 per hundred.**

Caroline Goodrich, or Running General Jacqueminot. This Rose has finely formed, very double flowers. Fragrance most delicious. A hardy climbing Tea, and should not be classed with the Hardy Climbers that bloom but once a year. Color the same as that of General Jacqueminot. **50 cents per dozen; \$3.00 per hundred.**

Claire Carnot. Buff or orange yellow, peach blossom center, medium size, full and compact flowers, delightful Tea scent. Very pretty and desirable. **50 cents per dozen; \$3.00 per hundred.**

Climbing La France.

Hitherto the Hardy Climbing Roses have been almost totally devoid of perfume, none of them have that form and substance deemed requisite in a high class Rose. With the advent of the Climbing La France these objections vanish, for it excels even its parent (La France) in size and quality of flower. It retains the charming peach pink color and the exquisite fragrance which have made La France the favorite it is. Small plants set out June 15th had attained a growth of fifteen feet by October 15th, a growth unsurpassed by any climbing Rose on our grounds. The Climbing La France is equally as hardy as its parent, and so may be safely planted in open ground even in Northern latitudes. It is a true, ever-blooming, hardy climbing Rose, which will make it equally valuable for the North and South. Be sure to try it. **60 cents per dozen; \$4.00 per hundred.**

Climbing Devonien-

sis. A sport from Devonienensis, from which it differs only in climbing habit of growth. It is fully as productive as the old sort, and, being more vigorous, is justly a grand Rose. White, tinged with blush. Very sweet. **50 cents per dozen; \$3.00 per hundred.**

Climbing Meteor. A Grand New Velvety Red Rose.—The brightest colored of all Roses. It has been called a Perpetual Blooming, Climbing General Jacqueminot. All who know "Gen. Jack" will call to mind its beautiful, high-colored, rich, velvety red buds and flowers. Climbing Meteor is the acme of all red Climbing Roses. It is a free, persistent bloomer, and will make a growth of from ten to fifteen feet in a season. In bloom all the time, as it is a true ever-bloomer. We do not hesitate to place it at the head of the list of all Roses for Summer blooming, as it will make a strong growth, and is literally loaded with its deep, rich, red flowers all the time. Its flowers are much larger than Meteor, and are richer in color. It is just the Rose to train up to the veranda or around windows, where its great beauty will show up to advantage. Don't fail to plant one or more of Climbing Meteor. **50 cents per dozen; \$3.00 per hundred.**

Crimson Rambler.

Imported from Japan, the land of wonders. It is a rapid grower, and very quickly makes heavy canes of great length, covered with peculiar, shining foliage. Blooms are produced in great bouquets, and are of a most peculiar and lovely shade of crimson. It has proved perfectly hardy, even in our trying Ohio climate. A bed of this pegged down and requiring little attention would be very useful to the general florist at blooming time. It also makes a fine pot plant, treated and brought on like the early blooming Hybrid Perpetuals, and forms a perfect bouquet of bloom. This is without question the handsomest plant of any description for Easter blooming. Grow in the field one or two years, the latter age is the best, dig and pot and keep cool at night for about six weeks, until root action is active, then gradually increase temperature. Treated this way this Rose produces from the very pot to the topmost branches, huge bunches of from fifty to two hundred blooms in a cluster, and is a sight not soon to be forgotten. **50 cents per dozen; \$3.00 per hundred.**

Celine Forestier. Deep sulphur yellow, large, full flowers, perfectly double, a fine bloomer and good grower. **50 cents per dozen; \$3.00 per hundred.**

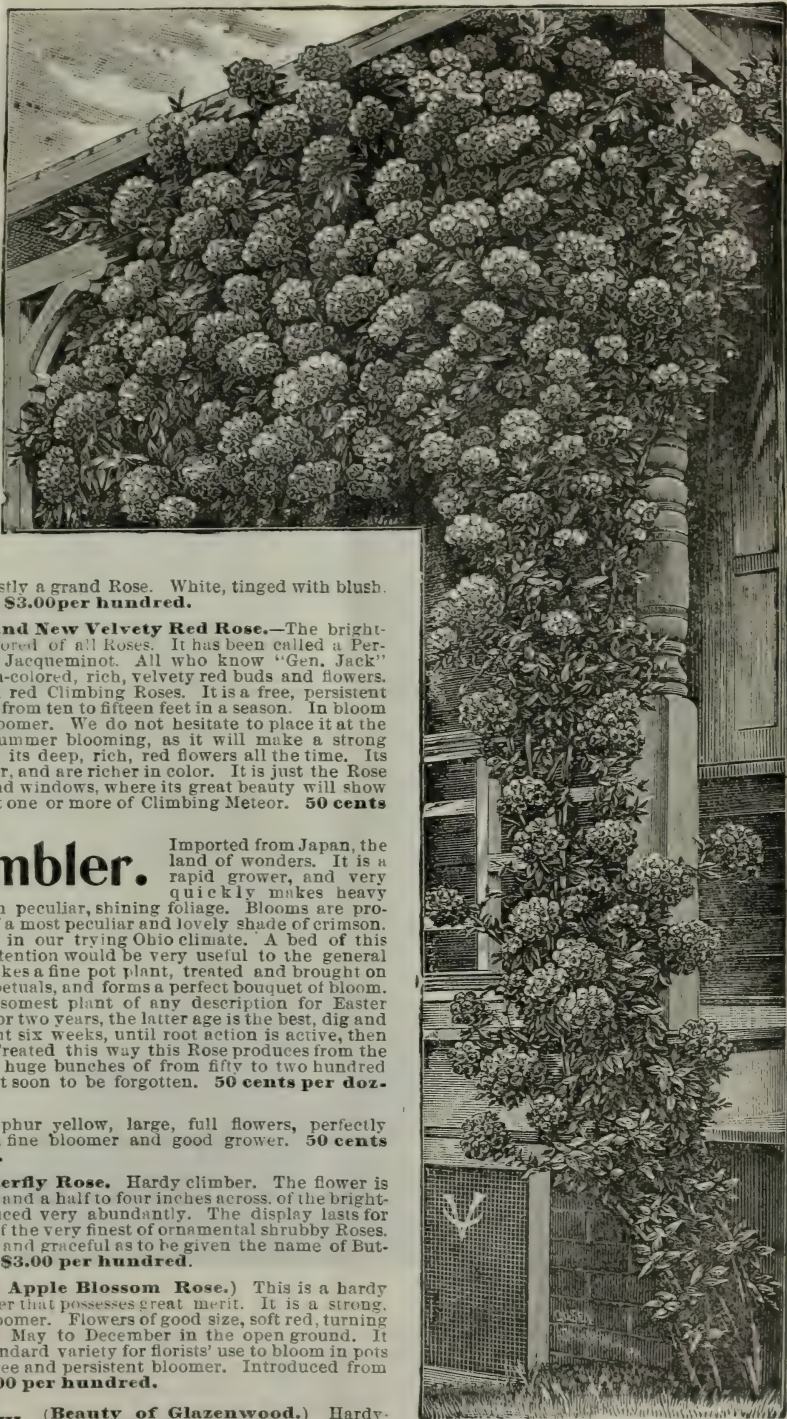

Carmine Pillar. The Butterfly Rose. Hardy climber. The flower is from three and a half to four inches across, of the brightest possible rosy carmine, and produced very abundantly. The display lasts for several weeks. Quite hardy. One of the very finest of ornamental shrubby Roses. Of the freest growth. It is so dainty and graceful as to be given the name of Butterfly Rose. **50 cents per dozen; \$3.00 per hundred.**

Empress of China. (The Apple Blossom Rose.) This is a hardy climber that possesses great merit. It is a strong, rampant grower, and a very free bloomer. Flowers of good size, soft red, turning lighter as it opens. It blooms from May to December in the open ground. It will, in our estimation, become a standard variety for florists' use to bloom in pots for market purposes, as it is such a free and persistent bloomer. Introduced from China. **50 cents per dozen; \$3.00 per hundred.**

Fortune's Double Yellow. (Beauty of Glazenwood.) Hardy. Bronzed yellow or copper and fawn color. **50 cents per dozen; \$3.00 per hundred.**

Gainsborough. We are very proud to bring this fine Rose to the notice of all rosarians, be they amateur or professional. It originated with us three years ago, since when we have given it the most thorough trial, and we are fully convinced that for a hardy ever-blooming climber it has no equal, even eclipsing that grand variety Mrs. Robert Peary. For beauty and size we place this variety at the head of the Hybrid Teas. The foliage is an exact counterpart of its parent, Viscountess Folkestone. Its delicate colors are hard to describe, being delicately tinted flesh, almost white, and lustrous as satin. When in full bloom it resembles a large, fine, white, fluffy peony, but without a suggestion of stiffness, often measuring eight to nine inches in diameter. An enthusiastic admirer describes it as a Rose reminding him of a beautiful girl wearing a light colored Gainsborough hat, ornamented with white ostrich plumes. Hence the suggestion of its name. Be sure and try this grand Rose. **75 cents per dozen; \$5.00 per hundred.**

Golden Chain. Or Climbing Safrano. (Reve d'Or.) A beautiful pillar Rose, being a strong climber. Color orange yellow or deep saffron. Good size, full and sweet. **50 cents per dozen; \$3.00 per hundred.**

CRIMSON RAMBLER. From Photograph.

Gold of Ophir. (Ophire.) Nas-turtium yellow, suffused with coppery red. One of the most beautiful of the climbing Roses. **50 cents per dozen; \$3.00 per hundred.**

Helene. (The New Rambler.) A seedling from Crimson Rambler, originated by a famous German rosarian, from whom we obtained our stock. Flowers larger than those of Crimson Rambler, nearly double, and borne in clusters of twenty to fifty. Color soft violet rose, yellowish white at base of petals. Anthers pure yellow and numerous. Habit fully as strong as Crimson Rambler, but more graceful. Foliage like Crimson Rambler. Hardy. **10 cents each; 50 cents per dozen; \$3.00 per hundred.**

James Sprunt. Deep cherry red flowers, medium size, full, very double and sweet. A strong grower and profuse bloomer. **50 cents per dozen; \$3.00 per hundred.**

Lamarque. Large, full flowers, borne in large clusters, pure white and double. A most beautiful Rose. A rampant climber. **50 cents per dozen; \$3.00 per hundred.**

Marechal Niel. (The World-Renowned Rose.) A beautiful, deep sulphur yellow, very full, very large and exceedingly fragrant. It is the finest yellow Rose in existence. It has a climbing habit, and where it is permitted to grow until it has attained a large size, as it will in a few years, it yields thousands of beautiful golden yellow flowers. Especially desirable in the South. We sell annually fifty thousand of this Rose alone. This is the best known of all Roses. **50 cents per dozen; \$3.00 per hundred.**

Madame Alfred Carriere. Extra large, full flowered, very double and sweet. Color a rich, creamy white, faintly tinged with pale yellow. Exceedingly beautiful. It is a strong, hardy climber and free bloomer. **50 cents per dozen; \$3.00 per hundred.**

Mary Washington. Its flowers are of medium size, pure white, perfectly double to the center, sweet, and borne in endless numbers in large clusters all Summer. Vigorous and rapid grower. One plant of Mary Washington will produce more flowers and buds than a dozen ordinary Roses. Its fragrance is tinged with the old-fashioned musky flavor so much admired in olden times. **50 cents per dozen; \$3.00 per hundred.**

Pink Rambler. (Euphrosyne.) The Pink Rambler completes the entire range of cardinal colors that can be embraced in these beautiful Climbing Roses. We now have the Crimson Rambler, the Yellow Rambler, the White Rambler and the Pink Rambler. This Rose is as charming as any of its rivals, embracing all their good qualities of hardiness, vigorous growth, profuse blooming and delightful fragrance. Be sure and have a set of the Rambler Roses. **\$3.00 per hundred.**

Psyche. The New Rambler Rose. Received the reward of merit of the Royal Horticultural Society of England. A cross between Crimson Rambler and the Polyantha Rose Golden Ferry. In growth and habit it much resembles Crimson Rambler. The flowers are produced in clusters of eight to thirty-five, and are two to two and a half inches across when fully expanded. The color is white, suffused with salmon rose and pink, with yellow base to the petals. A real companion to Crimson Rambler. The horticultural press of England gives it very flattering comment as described at the various exhibitions. **50 cents per dozen; \$3.00 per hundred.**

Queen Alexandra. (New. Of Crimson Rambler Type.) Very much like Crimson Rambler in growth, with pink blooms. Received the Gold Medal of the National Rose Society in England, and has received the highest commendations of the English press as a worthy companion for Crimson Rambler, in a beautiful shade of rose-pink. Has the true Rambler foliage and growth. **\$1.50 per dozen; \$12.00 per hundred.**

MARECHAL NEIL.

Reine Marie Henriette. Red-flowering Gloire de Dijon. A strong, vigorous grower, flowers large, full and of fine form. Color a pure cherry red, and sweet scented. **50 cents per dozen; \$3.00 per hundred.**

Solfaterre. Fine, clear, sulphur yellow, large, full and double. Very sweet. **50 cents per dozen; \$3.00 per hundred.**

White Rambler. Thalia. This charming new Rose of the Rambler variety is a wonder. It climbs rapidly, is entirely hardy, produces immense clusters of pure white Roses, perfectly double, of delightful fragrance, and of an immaculate white. It is, without question, the very best climbing Rose extant. **\$3.00 per hundred.**

White Marechal Niel. A sport from the world famous Marechal Niel. It is a fine grower, and produces its lemon white flowers in even greater profusion than its parent. Is strongly tea scented and is a fit companion for trellis or arbor training with the yellow Niel. **60 cents per dozen; \$4.00 per hundred.**

Waltham Queen. This is a valuable acquisition. It is hardy in the North. We had plants of this variety out last Winter which stood a temperature of zero without injury and have bloomed continuously the past season. It is a strong grower and continuous bloomer. The flowers are large, full and sweet. The color is a rich, scarlet crimson, and a profuse bloomer. Nothing can compare with this for beauty of bud and foliage, and it literally lavishes in the greatest profusion its beautiful, rich, red flowers of magnificent size. **50 cents per dozen; \$3.00 per hundred.**

William Allen Richardson. Orange yellow, with center coppery yellow. 50 cents per dozen; \$3.00 per hundred.

Yellow Rambler, (Aglala.) Rosarians have been for many years crossing or hybridizing various Roses with a view to obtaining a hardy yellow climbing Rose, but the combination of climbing habit and yellow coloring with hardiness was one that seemed impossible to obtain, and was almost despaired of. The Yellow Rambler has been found to successfully withstand, without protection, a continued temperature of from zero to two degrees below, which proves it to be far hardier than any other yellow climbing Rose yet introduced and we believe that by laying the plants down in the Winter it can be successfully grown in nearly all the northern parts of the United States; in fact, anywhere that other Roses succeed at all well. Did we say nothing more about the Rose we think this would be sufficient to establish its value, for what lover of Roses in the North has not bewailed the severity of the climate which nearly deprives his garden of the most attractive color of all—yellow. The flowers are borne in immense clusters, after the same manner as the Crimson Rambler, often as many as one hundred and fifty blossoms in a bunch. The color is a decided yellow. **\$3.00 per hundred.**

Zelia Pradle. Vigorous climber. Has lovely pure white buds. Flowers are full and sweet. **50 cents per dozen; \$3.00 per hundred.**

An offspring of the famous old favorite, La Reine, and also the seed parent of that glorious variety Paul Neyron, which facts should be effective evidence of its good qualities. The color is the most lovely brilliant carmine; long, pointed buds and large, finely formed, compact flowers, very full and double and delightfully sweet. A vigorous grower and fine bloomer, one of the really good Roses.

Ball of Snow. Boule de Neige. A finely formed, pure white Rose, occasionally shows light flesh when first opening. Beautiful shell-shaped petals, evenly arranged; flowers of good size.

A grand addition in the style of Baroness, and unquestionably the finest of all Roses for flowering in pots and forcing.

Chas. Lefebvre. A grand old Red Rose. One of the best. Bright red.

Cheshunt Hybrid. This Rose is growing in favor as it becomes known. A most beautiful deep rose or red.

Captain Christy. The flowers are of magnificent form, very double, and stand erect in their martial bearing. The color is a flesh delicate pink, with deeper shading in the center of the flower, the whole flower possessing a bright, satiny appearance. A desirable variety. Certainly the most beautiful Rose of this color we grow. It is a free bloomer.

Coquette des Alpes. A lovely, pure white Rose. Very full and free in flower. Delicious fragrance.

Dinsmore. It is a vigorous, healthy Rose, of dwarf, branching habit, and is simply loaded with flowers all Summer long, being even more profuse than most of the tender, "ever-blooming" Roses. The flowers are large, perfectly double, and of a dazzling scarlet crimson color, and have the rich spicy fragrance peculiar to the best Hybrid Roses.

Duke of Edinburgh. One of the old stand-by dark red Roses for the garden.

Francois Levet. A very beautiful Rose. Soft China pink, delicately shaded carmine and blush; large, finely-formed flowers, fragrant.

Gloire de L'Exposition Bruxelles. Flowers are finely formed, large and perfectly double. Color a bright crimson, of velvety texture. A Rose of unusual merit. We are pleased with it.

General Jacqueminot. A rich, velvety crimson, changing to scarlet crimson. A magnificent Rose, equally beautiful in the bud state or open. This is the best known of all Hybrid Perpetuals and is without a rival in fragrance and richness of color. It is, moreover, as easy of cultivation as many of the more common varieties, and perfectly hardy.

Giant of Battles. This is still esteemed as the very best, rich, red Rose. Very large, double, full and sweet. Excellent.

Gloire de Margottin. This grand, new Hybrid Perpetual Rose originated in Europe, and is believed to be one of the very finest varieties of recent years. The flowers are very large and of symmetrical form, somewhat globular, very full and deliciously scented. The color is a clear, dazzling red. Certainly one of the most brilliant Roses ever seen. It is a free bloomer and vigorous grower, and is recommended for its great beauty and wonderful color.

Gloire Lyonnaise. This grand Rose is the only yellow Hybrid Perpetual we have. It cannot be called deep yellow, but rather a pale shade of chamois or salmon yellow, deepest at the center, sometimes passing to a rich, creamy white, finely tinted orange and fawn. The flowers have all the beauty of Tea Roses, are large, full and delightfully sweet. This we consider one of the very best Roses we have ever seen. It will be sure to delight you.

General Washington. Color bright shining crimson; flowers are large and perfectly double; blooms the first season and almost constantly.

John Hopper. One of the most reliable and satisfactory Hybrid Perpetual Roses; flowers are large, very regular and full; color brilliant rose, changing to bright glowing pink, shaded with rich crimson; very sweet, and remarkably profuse bloomer.

Jules Margottin. A free-flowering hardy variety, with light green foliage somewhat crimped. Large, full, somewhat flat flowers, of a fine carmine rose color.

Jubilee. This grand Rose was awarded the gold medal by the Massachusetts Horticultural Society, the only Rose to obtain that honor. It is the finest dark red hardy garden Rose yet produced. A pure red in its deepest tone, shading to deep crimson red and velvety maroon red in the depths of the petals. It fairly glows in its rich warmth of coloring, and has a rich, velvety finish of its own containing the darkest color combined with pure color of which Nature is capable. It is a hardy ever-bloomer, and an acquisition to any collection of Roses. Offered for the first time. **60 cents per dozen; \$4.00 per hundred.**

by Messrs. William Paul & Son, of London, who say: This beautiful Rose, dedicated by special permission to her Royal Highness, the Princess Louise, Marchioness of Lorne, produces flowers of an exceedingly rich, fulgent rose color, slightly shaded in the center with vivid carmine. They are large and very sweet, full and finely cup shaped. Petals large and buds long and handsome. It is especially remarkable for its truly perpetual habit, every shoot being crowned with a flower bud. **50 cents per dozen; \$4.00 per hundred.**

MADAME MASSON.

Madame Masson.

An excellent Hybrid Perpetual, noted for its constant and profuse bloom. The flowers are large, color a clear, bright rose, highly perfumed. One of the best for planting. This Rose is a very superb variety, and should be more generally known. You should try this variety.

Madame Alfred de Rougemont. Strong, vigorous grower, begins to bloom at once, and continues until stopped by severe freezing. Pure snow white flowers finely tinted and clouded with pale, rosy blush. Large, full and double, and borne in large clusters. Fragrant and good.

Madame Plantier. The iron-clad white cemetery Rose. This is the old standby, and is unequalled where a hardy white Rose is needed. It bears thousands of beautiful, snowy white, fragrant Roses. It is hardy as an oak.

Mrs. John Laing. A splendid, constant-blooming Hybrid Perpetual, perfectly hardy, with immense flowers, full and double, borne in great profusion on long, stiff stems, and exceedingly sweet. The color is a clear, bright, shining pink, exquisitely shaded. The buds are long and pointed. **75 cents per dozen; \$6.00 per hundred.**

Madame Charles Wood. A true perpetual bloomer, almost as soon as planted, and continues throughout the season. The flowers are extra large, very double and full and quite fragrant. Prince Camille de Rohan. This variety is always a prime favorite with everybody. The richest crimson.

Paul Neyron. The well-known old favorite pink Rose.

Perfection des Blanches. A finely formed pure white Rose. Occasionally shows white flesh when first opening. Beautiful shell-shaped petals, evenly arranged. Flowers of good size, perfect, and of fine form and finish. One of the finest, freest and most beautiful of the white Hybrids. Almost as free a bloomer as the Teas. Very suitable for cemetery planting and for hedges, as it makes a beautiful bush.

Roger Lambelin. One of the most remarkable Roses yet offered. The petals are irregular on the edges like a double Petunia. The color is a glowing crimson throughout, except the edges of the petals, which are all distinctly marked with a white band, forming a sharp contrast and the most unique combination of colors known in Roses. The growth is free and vigorous and the fragrance is delightful, equal to the finest of hardy Roses. This is a "novelty" of the most striking order.

MARCHIONESS OF LORNE.

Ulrich Brun-

ner. Extra large, bold flowers, full and globular. Color rich, glowing crimson, elegantly flamed with scarlet. **75 cents per dozen; \$6.00 per hundred.**

Vick's Caprice.

This is the only hardy Rose that has any variegation. It is a vigorous grower, and bears large and fragrant flowers of bright rose, distinctly striped rich crimson. It is altogether a most unique and pretty variety. A Rose that is sure to attract attention. We always have a large sale for this Rose.

Triomphe des Beaux Arts.

A grand garden Rose, bearing its huge scarlet flowers in grand profusion.

New Evergreen Memorial Roses.

50 cents per dozen; \$3.00 per hundred.
Except were noted.

The foliage of all is leathery in texture, shining, and not only proof against insects, but evergreen—that is, keeping the foliage all winter—a characteristic in Roses never before obtained. The flowers are produced most profusely, are all of large size, very fragrant, and can be easily used for cut-flower purposes, as much as any greenhouse Tea Rose, especially when in bud. The use of these Roses will be unlimited—for trailing or covering ground where nothing else would grow, to cover roots, stumps and stems of trees, walls and trellises, for cut flower purposes, and also for forcing as pot plants during Spring, especially for Easter.

Jersey Beauty. Extremely vigorous grower, foliage thick, of leathery substance, flowers singly or in clusters of two to four, large, single, three inches in diameter, with clusters of bright yellow stamens, which give it a novel appearance. Fragrant.

Gardenia. Strong grower, flowers produced singly on stems one-half to one foot long. When in bud hardly distinguishable from *Perle des Jardins*, bright yellow, and when open cream color, three to three and one-half inches in diameter, incurring towards evening to perfect imitation of a *Gardenia* or *Cape Jasmine* as to shape and color; hence its name. Flowers delightfully fragrant, and produced freely. A grand Rose for any purpose.

Evergreen Gem. The most wonderful grower of the set. Flowers produced singly on stems, yellow, buff in bud, opening to almost white, two or three inches in diameter, perfectly double, and of a delightful, sweet-briar fragrance. We consider this the best plant of the set.

Dorothy Perkins. Splendid New Climbing Rose. This valuable variety has been produced from seed of *Rosa Wichuraiana* crossed with pollen from that fine old Rose, *Mme. Gabriel Luizet*. It is of quite upright habit of growth, but retains the remarkable vigor of the seed parent, often making a growth of from ten to fifteen feet in a single season. In the important point of hardiness, nothing more could be desired, two unusually severe winters having failed to injure even young plants, although during one of them the temperature went as low as twenty degrees below zero, and there was not the usual snowfall to protect them. In its foliage, growth, and habit of blooming in immense clusters, it is remarkably like *Crimson Rambler*, but the flowers are more double and of a beautiful shell-pink color and hold a long time without fading; even after they commence to fade the color is still pleasing, being then a lovely deep rose. The petals are very prettily rolled back and crinkled. The buds are remarkably handsome, being pointed in shape and of just the right size for the button-hole. The flowers are very sweet scented, a characteristic not possessed by most other Roses of the *Rambler* family. Will rival *Crimson Rambler* as a pot plant. \$1.50 per dozen.

DOROTHY PERKINS.

New Japanese Trailing, or Memorial Roses.

50 cents per dozen; \$2.50 per hundred.

Manda's Triumph. Produces large clusters of well-formed, double flowers of pure white, two inches in diameter.

Universal Favorite. Double flowers of a beautiful rose color, over two inches in diameter.

South Orange Perfection. Produces multitudes of the most perfectly formed double flowers about one and a half inches in diameter, soft blush pink at the tips, changing into white, and lasting a long time in perfection.

Rosa Wichuraiana. The Single White Memorial, or Japanese Trailing Rose. This is a new and distinct class of trailing Rose, making a perfect carpet with its creeping habit. It is very useful for permanent planting in cemetery pots, or on slopes or rockeries, as it is entirely hardy, and produces charming white flowers in the greatest profusion during the entire Summer. This Rose has come to stay, and is, without question, a decided acquisition. There are several colors distinct from this that will be offered the coming season. Try this Rose.

Mrs. Lovett. A double bright pink, form of *Rosa Wichuraiana*. In every respect it is a true memorial Rose, save the flowers. In habit of growth and foliage, hardiness and abundance of bloom, it is identical with its parent, but its Roses are double, two and a half inches in diameter, of bright, rosy pink color.

Pink Pearl. The New *Wichuraiana*. (Novelty 1901.) A splendid variety, with double pearl pink blooms when open, crimson in bud, foliage leathery and glossy, and very nearly evergreen. The finest *Wichuraiana* Hybrid yet produced. \$1.00 per dozen.

MEMORIAL ROSE.

ACALYPHA SANDERII.

ACALYPHA SANDERII.

This plant goes under various names, such as "Chenille Plant," "Philippine Medusa," "Comet Plant," "Dewey's Favorite Flower," "Bloody Cat Tail," etc. Without doubt the most sensational new plant introduced for many years, and one of the most striking flowering ornamental plants we have ever seen. It is of strong, free growth, with large, dark green leaves, from the axil of which rope-like spikes, from one to two feet long and nearly one inch thick, are gracefully suspended, as shown in our illustration, which conveys but a faint idea of the beauty and distinct warm coloring of this splendid acquisition. But the remarkable floriferousness and the great size of the spikes of flowers (compared to the plant) are fairly well shown. The plant is in flower the year round, and is as easily grown as a Coleus, simply requiring a warm temperature to develop its full beauty. **50 cents per dozen; \$3.00 per hundred.**

NEW AGERATUM, STELLA GURNEY.

It is a decided improvement in color, being the deepest blue yet introduced, and is exceptionally free flowering, not only in Summer, but the year round. Ageratums are useful for borders, also for baskets and vases. These two varieties are grand. **30 cents per dozen; \$2.50 per hundred.**

AZALEA INDICA. CHINESE AZALEAS

AZALEA INDICA. (Chinese Azalea.)

No plant has increased in popularity during recent years with such amazing rapidity as the Chinese Azaleas. A few years ago the annual importation of these from Belgium into the United States would hardly exceed twenty-five thousand. To-day it reaches five hundred thousand. At Easter they are seen in every church and in the windows of our finest residences. The ease with which they can be grown, their diversity of color and freedom of flowering will always keep them in public favor. The plants we offer are all set with buds, and are beautifully trained specimens, and will flower in the Springtime in any ordinary living room. We give their time of flowering, so you can have a succession of bloom. In summer set out-of-doors in the shade and keep moderately wet. **Plants thirty-five inches in circumference, 50 cents each; \$4.00 per dozen.**

ARAUCARIA EXCELSA.

ARAUCARIA EXCELSA.

Norfolk Island Pine.—Various names have been suggested for this grand plant to properly convey to the mind the appearance of it. Some have called it the "Christmas Tree Palm" from its resemblance to a Christmas tree; others have called it the "Star Palm" because the leaves are arranged to form a perfect star, but no descriptive name can give an adequate idea of its beauty. It has deep green, feathery foliage, arranged in whorls rising one above the other at regular distances. Its symmetry of form, grace and beauty of foliage are unequalled in the vegetable kingdom. It is easily grown in the house, and is highly ornamental. Some have long, narrow leaves, arching gracefully, fountain fashion; others are broad and short, oak leaved. Some recurve very much, others are twisted, corkscrew-like. CLEMATIS PANICULATA. Japanese Virgin's Bower.

One of the most beautiful of our hardy flowering vines. The flowers are pure white, and are borne in large panicles or clusters of bloom, fairly covering the plant, so that it is a mass or sheet of fleecy white. The clusters are borne on long, slender stems, which stand out boldly from between the glossy green leaves, and the gentlest breeze causes wavy crests of white to flow gently over the surface. The fragrance is delicious, resembling the English Hawthorn blossoms. It is a strong, rapid grower, quickly reaching a height of from fifteen to twenty feet, and spreading out when trained to wires or string. It is perfectly hardy in all sections of the country, and we can unhesitatingly say that it is, in our opinion, the most valuable among hardy climbing vines. **60 cents per dozen; \$4.00 per hundred.**

The Shasta Daisy is one of the most marvelous productions in the flower line that has ever been brought to the notice of floriculturists. It is the first of a new type, which has been obtained by hybridization and rigid selection through a series of years. Its first qualification is extreme hardiness. Second, it is perennial, blooming better and more abundantly each season. Third, it is not particular as to soil. Fourth, it blooms for several months. Fifth, the flowers are extremely large and graceful, averaging about four inches in diameter, with petals of the purest glistening whiteness, which are borne on single, long, stiff, wiry stems. Sixth, the blooms when cut remain perfectly fresh and in good condition for two weeks or more. No other flower can compare with it for usefulness. **60 cents per dozen; \$5.00 per hundred.**

BEAUTIFUL FERNS

Nephrolepis Exaltata Bostoniensis, Boston Sword Fern.—This differs from the ordinary Sword Fern in having much longer fronds, which frequently attain a length of six feet. These arch and droop over very gracefully, making it an excellent plant to grow as a single specimen on a table or pedestal. Good plants from two and a half inch pots, **50 cents per dozen; \$3.00 per hundred; \$25.00 per thousand.**

Nephrolepis Davallioides Furcans.—This is a lovely crested variety, and is often called the Fish Tail Fern. Fine plants from two and a half inch pots, **60 cents per dozen; \$5.00 per hundred.**

Nephrolepis Piersoni, The Pierson Fern.

—The character of the frond is well shown in the photograph on this page, although the picture conveys a slight idea of the grace and beauty of the feathery, plume-like fronds, which more nearly resemble the graceful ostrich plume than anything else in nature to which we can compare them. One has to see a plant in growth to appreciate its beauty and value. The fronds grow broad and heavy, measuring at least six inches across when fully developed, increasing in beauty as they develop. On account of the weight of the foliage the plant assumes an exceedingly graceful appearance, and owing to the fullness of the fronds, even small plants are well furnished, making much more symmetrical and beautiful plants than the Boston Fern. The divided pinnae, or the miniature fronds, keep growing constantly, showing two distinct shades

of green, the ends being a light green, while the center and main part of the fronds show a dark, rich shade, the contrast producing a very beautiful effect, greatly enhancing the beauty of the plant. It is wonderfully valuable, not only on account of its beauty, but also on account of its ease of culture, hardiness and general adaptability. It has all the free-growing, hardy characteristics of the Boston Fern, and, like that plant, is equally suitable for house culture and a much more beautiful plant for greenhouse and conservatory decoration. In fact, it is a plant that appeals to everyone, and on that account will prove a much more valuable and profitable plant than the Boston Fern, which has had the most phenomenal sale of any decorative plant that has ever been grown, but which cannot be compared to Nephrolepis Piersoni for beauty and general effectiveness. Every one who has seen it is charmed with it. As some one has expressed it, "There is nothing like Nephrolepis Piersoni in cultivation. In decorative effect it is so far out-distances the original variety (the Boston Fern) that there is positively no comparison to be made." We consider it the most valuable novelty that has been introduced in many, many years. It has taken gold medals wherever shown. Fine plants **\$1.00 each; \$9.00 per dozen; \$50.00 per hundred.**

TWO NEW IVY GERANIUMS OF THIS YEAR

New Orchid-Flowered Ivy-Leaved Geranium**Leopard.**—This is the most distinct novelty in the ivy-leaved section yet originated. It is absolutely distinct from any other variety. The flower is large, semi-double, and borne in medium-sized trusses. The color is remarkable, being fully as rich and distinct as an orchid. The ground is a clear, lilac pink, the upper petals being heavily blotched with deep crimson and usually marked with distinct maroon dots. The variety is unique and fully as striking as many of the orchids, many people mistaking it for an orchid flower. This will make one of the most distinct baskets plants in cultivation, and as it is as easily grown as any of the ivy-leaved geraniums, it will be valuable for cut blooms, as the flowers produce the same color effects as are produced by using rare orchids. The blooms are good keepers, and will last several days after cutting. The habit is exceptionally strong and vigorous, and it flowers abundantly through the winter season. After growing this variety another season, we are more impressed than ever with its commercial value. 25 cents each; \$1.25 per dozen; \$8.00 per hundred.**Col. Baden-Powell.**—This is the grandest variety since Souvenir Charles Turner, and is destined to be as universally popular. One of those really strikingly good things that sell on sight. The flower is of enormous size, the largest among ivies. The color varies at times from pearl white to soft blush, exquisitely beautiful. It has trusses of good size on long stems, which makes it very effective as a subject for baskets or vases and useful for cutting. 25 cents each; \$2.00 per dozen.**GLADIOLI—Mixed Varieties.**

Our mixed Gladioli are not the poor dull colors, old discarded red sorts and worthless seedlings usually sent out as mixtures. On the contrary they are made up from splendid named sorts, brightest and most varied colors, white; yellow, pink, rose, blush, intense scarlet, carmine, violet, striped, blotched, variegated, etc. All old, common and poor sorts have been discarded, and this mixture is of the highest grade.

Good & Reese's International Mixture. Our international Mixture is the best in the world, and we want to say to you candidly that you have never seen Gladioli until you see these flowers. This Mixture includes all the new strains, such as "Gray's Inglesides," "Burbank's California Selects," "Childs's," and "Groff's Hybrids." It is difficult to describe flowers of such varied and peculiar beauty as these Gladioli. They are very tall and erect, often standing four or five feet high, with spikes of blooms over two feet in length. 50 cents per dozen; \$3.50 per hundred.

GLOXINIAS.

GLOXINIAS.

These are among the most beautiful of all our Summer-blooming plants. The rosette of velvety green leaves is surmounted with a cluster of lovely, trumpet-shaped flowers as large as Gladioli blooms. The coloring is exquisite. The ground work of many is pure white, with throats of blue, scarlet, rose, crimson or velvety purple, while others are beautifully flecked and striped with the brightest colors, and the tubes are of a bright color with white throat. The bulbs should be started in a warm place, greenhouse, hotbed or sunny window. They will bloom until late in Summer, when they should be dried off, letting the leaves dry. The pots can be kept over Winter in a cellar free from frost. They are very easily grown. Fine bulbs of choicest varieties, 50 cents per dozen; \$4.00 per hundred.

HELIANTHUS. Hardy Sunflower.

This fine plant will live through our Northern Winters with protection, or can be wintered in the cellar. Nothing that has ever been brought to our notice in the plant line has caused half the commotion that this wonderful Lemon has. It is a true ever-bearing variety. On a plant six feet high no less than eighty-nine of these ponderous Lemons were growing at one time. It was a beautiful sight to see. The tree was blooming, and at the same time had fruit in all stages of development, from the size of a pea up to the ripe fruit, showing it to be a true ever-bearer. Fruit has been taken from this tree weighing over four pounds. The Lemons have very thin rind for such large fruit. It is the juiciest of all Lemons, makes delicious lemonade, and for culinary purposes cannot be excelled. It is not uncommon to make twelve Lemon pies from one Lemon. We have the entire stock of this ponderous Lemon, and guarantee the trees to produce the same large fruit. No budding or grafting necessary. If planted out in rich ground, in a situation where it has full exposure to the sun, it will attain a height (if given a wire or string to twine on) of forty feet by October 15th, blooming abundantly the entire season. ORANGE KUMQUAT, OR KIN KAN.

This unique and wonderfully beautiful Orange is a native of Japan, where it is known as the Kin Kan, which means gold orange; its other name—Kumquat—is Chinese for the same meaning. It bears in the most marvelous profusion little miniature oranges, no larger than Damson Plums, of a rich, golden color, and glittering amid the dark foliage like burnished gold. The whole fruit, rind and all, is eaten, and people become very fond of them. The rind is sweet, and the pulp agreeably acid, making a piquant combination. They are also delicious preserved and crystallized. A small tree, not more than six feet high and five feet through, bore over two thousand fruits, and this is by no means an extraordinary yield for this sort. The branches are slender, without thorns, the leaves narrow and oval, and the plant assumes a fine shape. As a pot plant it will create a sensation wherever grown. The small but exquisitely beautiful fruit hangs on the unique and handsome evergreen trees all Winter. **Fine plants, eighteen inches high, well branched, to bear at once, \$2.50 per dozen.**

OXALIS.

OXALIS ORTGIESI.

Upright Oxalis, or Star of Bethlehem. Few new plants will give better satisfaction than this, as it is a perpetual bloomer in every sense of the word. It is full of bloom every day in the year when grown in a pot of good soil and with ordinary care. It is a shrubby plant, like a Geranium or Fuchsia without buds, in which respect it differs from other Oxalis. It grows twelve to eighteen inches in height, branching freely, and loaded at all times with clusters of bright golden star-shaped flowers, which do not close at night like other Oxalis. Beautiful as the flowers are, it is still a splendid plant without them, on account of its highly ornamental foliage. This makes a truly novel plant, as well as a very beautiful one, and it is surprising to see what attention it will attract. **50 cents per dozen; \$3.00 per hundred.**

OTAHEITE ORANGE.

This valuable and distinct variety of the Orange family is a dwarf, compact grower, with glossy, deep green foliage, which has a decided odor of the Orange trees of Florida, and is exceedingly floriferous, producing a wonderful profusion of pure white flowers of the most delicious fragrance. HARDY SCOTCH, OR SWEET MAY PINKS.

These are the Pinks of our mothers' gardens. They are dwarfer than the Curnation, growing about one foot in height, the color being of the various shades of maroon, carmine and rose, beautifully laced and banded on white ground. Perfectly hardy everywhere. Ten sorts of the most elegant varieties. 50 cents per dozen; \$3.50 per hundred.

PRIMULA, FORBESII.

New Ever-Blooming Baby Primrose.—This is the freest-blooming plant we know of, blooming continuously throughout the entire season. Plants in very small pots have from fifteen to twenty sprays of lovely light pink flowers on stems ten to twelve inches high at one time, and plants in four-inch pots often have from twenty-five to fifty at one time, lasting in bloom fully four weeks without fading, and continually sending up sprays all over the plant, making it one of the most desirable plants for the house ever introduced. 50 cents per dozen; \$3.00 per hundred.

PRIMROSE, CHINESE.

Price, fine plants, all colors, 50 cents per dozen; \$3.50 per hundred.

PRIMULA OBCONICA. Always in Bloom.

This is a charming plant for Winter. In fact we know of none that is better adapted to home culture than this one. It is not susceptible to changes of temperature that most plants are subject to. PLUMBAGOS.

Sanguinea.—The light blue and deep blue and white varieties are well known favorites, but with the new variety, Sanguinea, we have something that is entirely distinct and the prettiest of all Plumbagos. Give very little water during Winter season. Price, fine plants, 30 cents each; \$3.00 per hundred.

RUDBECKIA LACINIATA, "Golden Glow."

Rose Bay. One of the most valuable of our hardy decorative plants. The leaves are broad, glossy and evergreen. In June, when the masses of rich, glossy green are surmounted with scarlet, purple and white clusters large enough for a bouquet, the display is worthy of admiration. The plants we offer are from twelve to twenty-four inches high, well established, many of them set with buds. The colors are bluish, rosy crimson, dark scarlet, lilac, crimson, purple and variegated. Don't confound these plants with the cheap kinds offered by some, as they are not the same. Fine, large plants, two feet high, with large, branching head, with from eight to ten buds, sure to bloom this Spring, \$1.00 each; \$10.00 per dozen; \$75.00 per hundred.

Just bury the roots in sand; nothing more is required. Should be planted out very early in the Spring, and will commence growth and bloom at once, growing larger and finer every day. Plants show six to twenty grand flower stalks all the time, each holding at a height of three to four feet a cluster of flame colored flowers of indescribable beauty and brilliancy. Each cluster keeps perfect several weeks, and when it fades two or three more are ready to take its place. Fall frosts do not kill it or stop its blooming.
